## NOTICE OF TRANSFER

**IMPORTANT: THIS NOTICE AFFECTS YOUR CONTRACT RIGHTS AND ADMINISTRATION. PLEASE READ IT CAREFULLY.**

Dear [Name of Contract Owner]:

We are writing to let you know that Equitable Financial Life Insurance Company (“Equitable Financial”) has reached an agreement with Venerable Insurance and Annuity Company (“VIAC”) to transfer your [Product Name] variable annuity contract, [XXXXXXXXXX] (the “Contract”) and its administration to VIAC. VIAC is an insurer that specializes in the management and administration of variable annuity contracts; as of December 30, 2022, VIAC administered over 200,000 variable annuity contracts and had over \$70 billion of assets under risk management.

Under this agreement, VIAC will replace Equitable Financial as your Contract’s insurer and will assume all of the rights, obligations and liabilities of Equitable Financial under the express terms of your Contract. **There will be no changes to your contractual terms as of the effective date of this transfer, and all features and benefits applicable to your Contract will operate as before, as stated in your Contract.** The Commissioner of Insurance in your state has reviewed and approved any filings required in your state related to this transfer. We anticipate the transfer will be effective in the [first/second/third/fourth] quarter of 202[X], and will let you know the exact date in an upcoming communication once it has been finalized.

Below you’ll find additional information about VIAC, the reasons for this agreement, your rights with respect to the transfer, the effect of the transfer, and financial information regarding both Equitable Financial and VIAC.

### **Overview of VIAC**

VIAC is an Iowa domiciled life insurance entity and wholly owned subsidiary of Venerable Holdings, Inc. (“Venerable”), a holding company domiciled in the State of Delaware. VIAC began issuing annuities nearly five decades ago; following the merger of several other insurers into it, VIAC became one of the top retail annuity issuers in the U.S. and the flagship entity for the U.S. life insurance operations of the global financial services company ING Group. VIAC was later separated from ING Group and rebranded as part of Voya Financial.

Venerable debuted as a private company, with VIAC as its subsidiary, on June 1, 2018, a result of Voya divesting substantially all of its variable, fixed, and fixed indexed annuities businesses. Today, VIAC no longer sells new insurance or annuity contracts, and instead is singularly focused on providing quality administrative servicing to the owners and distributors of the nearly 200,000 annuity contracts it previously issued and those issued by other life insurance companies.

Digital solutions are at the cornerstone of Venerable’s customer service strategy. As such, once the transfer is complete, you can expect an enriched experience and prompt service response times. As a customer of Venerable, you will have access to an easy-to-use web-portal, self-service activities across a variety of transactions, pre-populated forms, and a

robust notification process to meet your individual needs. Customer service teams are equipped with knowledge management tools that provide quick access to customer account details, offering service at a moment's notice.

In recognition of Venerable's extensive history and expertise in managing variable annuity contracts, Equitable Financial engaged Venerable in 2021 to reinsure a substantial portfolio of Accumulator® variable annuity contracts. As part of the transaction, Equitable Holdings, Inc. ("Equitable"), the parent company of Equitable Financial, also obtained a 9.1% equity stake in the parent company of Venerable and a seat on its Board of Directors.

If you'd like additional information about Equitable Financial or VIAC, you'll find the following enclosed with this notice: (1) financial strength ratings from two nationally recognized insurance rating services<sup>1</sup>; and (2) the annual statement balance sheet as of the date of the most recent quarterly financial statement and year end for previous periods as available.<sup>2</sup> If you request it, a copy of the Management's Discussion and Analysis which was filed as a supplement to the previous year's annual statement will be sent to you at no additional expense to you. You may obtain additional information concerning VIAC by visiting [www.venerable.com](http://www.venerable.com) or contacting your state insurance department. VIAC is licensed to issue variable annuities such as your Contract in your state.

### **Why We Are Transferring These Contracts**

This transfer agreement is a part of a corporate initiative by Equitable Holdings, Inc., the parent company of Equitable Financial, to restructure its underlying operating entities to be consistent with other peers in the life insurance industry.

Specifically, the restructuring initiative seeks to ensure that contracts issued to contract owners outside of the state of New York will be managed by entities also domiciled outside of the state of New York, and contracts issued to contract owners within the state of New York will be managed by entities domiciled within the state of New York. This structure is commonly used by other life insurance companies, and both allows us to improve the financial flexibility of Equitable Holdings' operations and increases our ability to provide attractive new products to clients like you.

In addition, as Equitable Financial had previously engaged Venerable in 2021 to reinsure a substantial portfolio of Accumulator® variable annuity contracts – including your Contract, Venerable and its subsidiaries have effectively assumed the financial and risk management responsibilities of these contracts on behalf of Equitable Financial. This agreement will further transfer contract ownership, servicing, and administration to VIAC, thereby allowing for more streamlined and effective management by Venerable and its subsidiaries.

### **You Have a Choice**

You may accept or reject the transfer of your Contract to VIAC.

***To accept the transfer, you do not need to do anything or respond to this Notice.*** However, if you would like, you may also choose to indicate your acceptance on the enclosed Response Form, sign it, and return it to Equitable Financial. If you accept the transfer, when the transfer is complete VIAC will send to you a Certificate of Assumption to be attached to your Contract.

***To reject the transfer,*** you must show your rejection on the enclosed Response Form, sign it, and ensure that it is returned to Equitable Financial, postmarked on or before [XX/XX/20XX].

If you have not responded to this Notice by [XX/XX/20XX], you will be provided with another notice of the transfer. If Equitable Financial does not receive a Response Form from you postmarked on or before [XX/XX/20XX], you will be

**What Happens if you Accept or Do Nothing**

If you accept this transfer offer or do not reject it as set forth above, VIAC will be your Contract's insurer as of the effective date of the transfer. VIAC will be directly responsible to you for (1) the payment of all claims and/or benefits under your Contract, (2) all other Contract obligations, and (3) servicing and administration of your Contract according to its terms. Equitable Financial will no longer have any obligations to you under your Contract. If you accept this transfer offer or do not reject it as set forth above, you should make all claims submissions under your Contract and direct all questions regarding your Contract to VIAC as of the effective date.

**What Happens if you Reject**

**SEPARATE ACCOUNT EQ OF VENERABLE INSURANCE AND ANNUITY COMPANY  
THE ACCUMULATOR® SERIES (7.0) VARIABLE ANNUITY**

**SUPPLEMENT DATED May 24, 2024 TO  
THE PROSPECTUS AND INITIAL SUMMARY PROSPECTUS,  
EACH DATED May 24, 2024**

*This Supplement provides important information regarding an offer Venerable Insurance and Annuity Company ("VIAC," the "Company," or "we") is making to you to exchange your Equitable Financial Life Insurance Company ("EFLIC") Accumulator® Series variable annuity contract for a virtually identical VIAC variable annuity contract. The only differences between the contracts will be that VIAC will be the issuer and administrator of the VIAC Contract, which will be supported by VIAC's Separate Account EQ. Please read this Supplement carefully and retain it for future reference.*

In connection with VIAC's assumption reinsurance of certain Accumulator® Series variable annuity contracts (including your contract) issued by EFLIC ("EFLIC Contracts"), an owner of an EFLIC Contract may exchange his/her EFLIC Contract for an Accumulator® Series variable annuity contract issued by the Company ("VIAC Contract"), in accordance with the terms and conditions described below. EFLIC and VIAC have obtained all necessary state regulatory approvals for the assumption reinsurance transaction and this exchange offer.

The exchange offer is part of a corporate initiative by Equitable Holdings, the parent company of EFLIC, to restructure its operating entities. In 2021, EFLIC transferred the financial and risk management responsibilities for the EFLIC Contracts to an affiliate of VIAC. Equitable Holdings has now elected to transfer the overall management and administration responsibilities for the EFLIC Contracts to VIAC. The exchange offer will complete the transfer of administrative responsibilities and financial obligations for the EFLIC Contracts to VIAC for those that accept the exchange offer.

You are not required to accept the exchange offer. If you choose not to accept the exchange offer, your EFLIC Contract will continue unchanged. There will be no charges assessed against you or adverse tax consequences to you if you elect not to exchange your EFLIC Contract.

VIAC specializes in the management and administration of variable annuity contracts. If you choose to accept the exchange offer, your new VIAC Contract will be virtually identical to your EFLIC Contract except that VIAC will be the issuer and administrator of your VIAC Contract, which will be supported by VIAC's Separate Account EQ. As a customer of VIAC, you will have access to VIAC's online portal and knowledgeable customer service team for streamlined administrative service. All obligations, guarantees, and benefits under the VIAC Contract, including those associated with any optional benefit riders you elected, will be subject to the financial strength and claims-paying ability of VIAC. More information about VIAC, including VIAC's financial strength ratings, is available by writing to VIAC Customer Service at P.O. Box 9271, Des Moines, Iowa 50306-9271 or by calling 1-800-366-0066. There will be no charges assessed against you or adverse tax consequences to you if you elect to exchange your EFLIC Contract for a VIAC Contract.

#### **Terms and Conditions**

You may only exchange your EFLIC Contract for a VIAC Contract of the same contract class and with the same optional benefit riders. The exchange offer is not available for partial exchanges.

When considering whether to accept the exchange offer, please carefully review this Supplement and the accompanying:

- Notice of Transfer from EFLIC describing in detail the exchange and your options; and
- The current initial summary prospectus for the VIAC Contract.

You may also contact your financial professional or the EFLIC customer service center as described below with any additional questions you may have before making a decision about whether to exchange your EFLIC Contract for a VIAC Contract.

The full VIAC Contract prospectus is available as noted below.

To exchange your EFLIC Contract for a VIAC Contract:

- You must affirmatively accept the exchange offer, or
- If the state law applicable to your EFLIC Contract as described in the Notice of Transfer allows us to rely on implied consent (which includes all states except California, Florida, Louisiana, Michigan, Minnesota, Washington, and Wisconsin), you may be deemed to have elected the exchange if you do not exercise your right to reject the exchange within a specified time period.

Please refer to the accompanying Notice of Transfer for specific information with respect to your right to accept or reject the exchange offer, including the date by which you may accept or reject the exchange offer. We reserve the right to extend or terminate the exchange offer upon reasonable written notice to you.

### **Important Considerations**

If you elect to exchange your EFLIC Contract for a VIAC Contract (either affirmatively or through implied consent):

- Your EFLIC Contract will terminate and EFLIC will have no further obligation to you for the guaranteed benefits under your EFLIC Contract;
- VIAC will issue to you an Assumption Certificate that will endorse your EFLIC Contract and convert it into your new VIAC Contract;
- VIAC will administer and be solely responsible to you for the guaranteed benefits under your VIAC Contract;
- The Account Value you have invested in your EFLIC Contract will be transferred to your VIAC Contract and there will be no interruption to your investments as a result of the exchange;
- The same Funds that are currently available under your EFLIC Contract will be available for investment under your VIAC Contract and after the exchange you may reallocate your Account Value among the Funds under your VIAC Contract in accordance with the investment restrictions under your optional benefit riders, if any;
- Your death benefit under your VIAC Contract immediately after the exchange will be the same as your death benefit under your EFLIC Contract immediately before the exchange and will continue to be calculated in the same way;
- You will receive credit for the time your contributions were invested in your EFLIC Contract for purposes of determining whether a withdrawal charge, if applicable, applies under your VIAC Contract;
- We will not assess any charges against you as a result of the exchange; and
- There will be no tax consequences to you as a result of the exchange.

The features and benefits, available investment options, charges and deductions, and optional benefit riders under the VIAC Contract will be the same as those under your EFLIC Contract. Administration of the VIAC Contract will be provided by VIAC.

In the event an error occurs with respect to the Notice of Transfer provided to you about the exchange and your acceptance and rejection rights, or in the event a medical condition prevents you from exercising your rejection rights within the prescribed time period (if applicable), you may be eligible within a reasonable period of time, not to exceed 24 months from the date of the exchange, to request that the exchange be rescinded and have your EFLIC Contract reinstated.

If you elect not to exchange your EFLIC Contract for a VIAC Contract (either affirmatively or through implied consent), the EFLIC Contract will remain with EFLIC and EFLIC will continue to administer and be solely responsible for the guaranteed benefits under your EFLIC Contract.

### **Summary Comparison of EFLIC Contract and VIAC Contract**

Your VIAC Contract will be virtually identical to your EFLIC Contract, except for the issuing company and the supporting separate account. This is shown by the following chart, which provides a brief summary comparison of some of the important features of the EFLIC Contracts and each corresponding VIAC Contract offered in exchange. You should not rely solely on this chart to decide whether to exchange your EFLIC Contract for a VIAC Contract.

Please note that EFLIC Contracts (and, consequently, a VIAC Contract issued in exchange for an EFLIC Contract) may provide different features and benefits from, and impose different costs than, those summarized in this chart because of differences imposed by the state in which the EFLIC Contract was issued. All material variations have been described in Appendix E to the full VIAC Contract prospectus. For more complete details, you should carefully review the full VIAC Contract prospectus and compare it to the full EFLIC Contract prospectus.

<b>Account Value</b>	The total value of the values you have in (i) the Subaccounts; (ii) the Guaranteed Interest Option; (iii) the Account for Special DCA (applies to Accumulator <sup>®</sup> and Accumulator <sup>®</sup> Elite <sup>SM</sup> Contracts only) and (iv) the loan reserve account (applies for Rollover 403(b) Contracts only).
<b>Annual Ratchet</b>	An Annual Ratchet occurs when your benefit base under an optional benefit is increased to equal your Account Value on a Contract Date Anniversary.
<b>Annuitant</b>	The person who is the measuring life for determining the Contract Maturity Date. The Annuitant is not necessarily the Owner.

**FEES AND EXPENSES (continued)**

**Ongoing Fees and Expenses (annual charges)**

Each class of the Contract provides for different ongoing fees and expenses. The table below describes the fees and expenses that you may pay *each year* under the Contract, depending on the options you choose. Please refer to your Contract specifications page for information about the specific fees you will pay each year based on the options you have elected.

Annual Fee	Minimum	Maximum
Base Contract (varies by Contract class) <sup>(1)</sup>	1.30%	1.71%
Investment options (Fund fees and expenses) <sup>(2)</sup>	0.57%	1.40%
Optional benefits available for an additional charge (for a single optional benefit, if elected) <sup>(3)</sup>	0.25%	1.10%

(1) Expressed as an annual percentage of daily net assets in each Subaccount. The Base Contract fee consists of the Mortality and Expense Risk Charge, the Distribution Charge, and the annual \$30 Administrative Charge converted into a percentage and rounded up to the nearest one-hundredth of a percent. We calculate the Base Contract fee by dividing the total amount of these charges collected during the last fiscal year by the total average net assets attributable to the Contracts for that year. The minimum amount above reflects the Base Contract fee for the least expensive Contract class (Accumulator<sup>®</sup>), while the maximum amount reflects the Base Contract fee for the most expensive Contract class (Accumulator<sup>®</sup> Select).

(2) Expressed as an annual percentage of daily net assets of the Funds. This range is for the year ended December 31, 2023 and could change from year to year.

(3) Expressed as an annual percentage of the applicable benefit base.

Because your Contract is customizable, the choices you make affect how much you will pay. To help you understand the cost of owning your Contract, the following table shows the lowest and highest cost you could pay *each year*, based on current charges. This estimate assumes no Credits, no loans, and that you do not take withdrawals from the Contract or make any other transactions, **which could add Withdrawal Charges that substantially increase costs.**

Lowest Annual Cost \$1,645	Highest Annual Cost \$4,775
<p>Assumes:</p> <ul style="list-style-type: none"> <li>• Investment of \$100,000</li> <li>• 5% annual appreciation</li> <li>• Least expensive combination of Contract class and Fund fees and expenses</li> <li>• No optional benefits</li> <li>• No sales charges</li> <li>• No additional contributions, transfers, or withdrawals</li> </ul>	<p>Assumes:</p> <ul style="list-style-type: none"> <li>• Investment of \$100,000</li> <li>• 5% annual appreciation</li> <li>• Most expensive combination of Contract class (Accumulator<sup>®</sup> SelectSM), optional benefits (GMIB and Greater of 6% Roll-up to Age 85 or Annual Ratchet to Age 85 death benefit, and the Earnings Enhancement Benefit (“EEB”)) and Fund fees and expenses</li> <li>• No sales charges</li> <li>• No additional contributions, transfers, or withdrawals</li> </ul>

<b>Not a Short-Term Investment</b>	<p>The Contract is not a short-term investment and is not appropriate for an investor who needs ready access to cash because the Contract is designed to provide for the accumulation of retirement savings and income on a long-term basis. As such, you should not use the Contract as a short-term investment or savings vehicle. A Withdrawal Charge may apply in certain circumstances and any withdrawals may also be subject to federal and state income taxes and tax penalties.</p> <p>For additional information about the investment profile of the Contract, see <i>"PRINCIPAL RISKS OF INVESTING IN THE CONTRACT"</i> in the full prospectus for the Contract.</p>
<b>Risks Associated with Investment Options</b>	<p>An investment in the Contract is subject to the risk of poor investment performance and can vary depending on the performance of the investment options available under the Contract (e.g., the Funds). Each investment option, including the Guaranteed Interest Option, has its own unique risks. You should review the investment options available under the Contract, including the Fund prospectuses, before making an investment decision.</p> <p>For additional information about the risks associated with the investment options available under the Contract, see <i>"PRINCIPAL RISKS OF INVESTING IN THE CONTRACT," "The Guaranteed Interest Option" in "AVAILABLE INVESTMENT OPTIONS" and "APPENDIX A – FUNDS AVAILABLE UNDER THE CONTRACT"</i> in the full prospectus for the Contract.</p>

The Company is solely responsible to the Contract Owner for the Contract's Account Value and the guaranteed benefits. The general obligations, including the Guaranteed Interest Option and any guaranteed benefits under the Contract are supported by our general account and are subject to our claims paying ability. A Contract Owner should look solely to our financial strength for our claims-paying ability. More information about the Company, including our financial strength ratings, is available upon request by writing to Customer Service at P.O. Box 9271, Des Moines, Iowa 50306-9271 or calling 1-800-366-0066.</p> <p>For additional information about insurance company risks see <i>"About Our General Account"</i> in <i>"OTHER INFORMATION"</i> in the full prospectus for the Contract.</p>

<b>Optional Benefits</b>	<p>At any time, we have the right to limit or terminate your contributions, allocations, and transfers to any of the Subaccounts. If you have one or more guaranteed benefits (which are also known as optional benefits) and we exercise our right to discontinue the acceptance of, and/or place additional limitations on, contributions to the Contract, you may no longer be able to fund your guaranteed benefit(s).</p> <p>We limit the availability of certain investment options if guaranteed benefits are elected. Withdrawals may affect the availability of an optional benefit by reducing the benefit by an amount greater than the value withdrawn, and/or could terminate the benefit.</p> <p>Loans are permitted under Rollover 403(b) Contracts with employer or plan approval, subject to certain restrictions on loan amounts and other optional benefits.</p> <p>For additional information about the optional benefits see "DEATH BENEFITS", "OPTIONAL LIVING BENEFITS", AND "OTHER BENEFITS" in the full prospectus for the Contract.</p>

There is no additional tax benefit to you if the Contract was purchased through a tax-qualified plan or individual retirement account ("IRA"). Withdrawals will be subject to ordinary income tax and may be subject to tax penalties. Generally, you are not taxed until you make a withdrawal from the Contract.</p> <p>For additional information about tax implications see "FEDERAL TAX CONSIDERATIONS" in the full prospectus for the Contract.</p>
-------------------------	---

## CONFLICTS OF INTEREST

<b>Investment Professional Compensation</b>	<p>Some financial professionals may receive compensation for selling the Contract to you, both in the form of commissions or in the form of contribution-based compensation. Financial professionals may also receive additional compensation for enhanced marketing opportunities and other services (commonly referred to as “marketing allowances”). This conflict of interest may influence the financial professional to recommend this Contract over another investment.</p> <p>For additional information about compensation to financial professionals see “Distribution of the Contracts” in “OTHER INFORMATION” in the full prospectus for the Contract.</p>
<b>Exchanges</b>	<p>Some financial professionals may have a financial incentive to offer a new contract in place of the one you already own. You should only exchange your contract if you determine, after comparing the features, fees, and risks of both contracts, that it is preferable to purchase the new contract rather than continue to own your existing contract.</p>

## OVERVIEW OF THE CONTRACT

**Purpose of the Contract.** The Contract is designed to help you accumulate assets through investments in underlying Funds, and the Guaranteed Interest Option during the accumulation phase. It can provide or supplement your retirement income by providing a stream of income payments during the annuity phase. It also provides death benefits to protect your beneficiaries and living benefits to protect your access to income. The Contract may be appropriate if you have a long-term investment horizon. It is not intended for people who may need to access invested funds within a short-term timeframe or frequently, or who intend to engage in frequent transfers of the underlying Funds.

**Phases of the Contract.** The Contract has two phases: an accumulation (savings) phase and an income (annuity) phase.

**Accumulation (Savings) Phase.** During the accumulation phase, you can allocate your contributions and Account Value to one or more of the available investment options, which include:

- Subaccounts of the Separate Account, each which invests in an underlying Fund. There are restrictions depending on benefit selection;
- The Guaranteed Interest Option; and
- The Account for Special DCA (accepts only contributions, if available, and applies to Accumulator<sup>®</sup> and Accumulator<sup>®</sup> Elite<sup>SM</sup> Contracts only) and the Account for Special Money Market DCA (accepts only contributions, if available, and applies to Accumulator<sup>®</sup> Plus<sup>SM</sup> and Accumulator<sup>®</sup> Select<sup>SM</sup> Contracts only).

**For additional information about each underlying Fund see “APPENDIX A - FUNDS AVAILABLE UNDER THE CONTRACT.”** For information about the Guaranteed Interest Option and the Account for Special DCA, see “Available Investment Options” in “THE ANNUITY CONTRACT” in the full prospectus for the Contract.

**Income (Annuity) Phase.** You enter the income phase when you annuitize your Contract. During the income phase, you will receive a stream of fixed income payments for the annuity payout period of time you elect. You can elect to receive annuity payments for:

- Life;
- Life with a certain minimum number of payments; or
- Life with a certain amount of payment.

Please note that when you annuitize, your investments are converted to income payments and you will no longer be able to make any additional withdrawals from your Contract. All accumulation phase benefits terminate upon annuitization and the Contract has a maximum annuity commencement date. For additional information about the income phase see “ANNUITY OPTIONS” in the full prospectus for the Contract.

**Contract Features.** The Contract provides for the accumulation of retirement savings and income. The Contract offers income and death benefit protection and various payout options. The Accumulator<sup>®</sup> Plus<sup>SM</sup> Contract also offers a Credit.

**Contract Classes.** There are four Contract classes that have different ongoing fees and Withdrawal Charges. For example:

- Accumulator<sup>®</sup> has a 7 year Withdrawal Charge period and a 1.30% Base Contract Expense;
- Accumulator<sup>®</sup> Plus has a 8 year Withdrawal Charge period and a 1.55% Base Contract Expense;
- Accumulator<sup>®</sup> Elite<sup>SM</sup> has a 4 year Withdrawal Charge period and a 1.65% Base Contract Expense; and
- Accumulator<sup>®</sup> Select<sup>SM</sup> has no Withdrawal Charge and a 1.70% Base Contract Expense.

If you own an Accumulator<sup>®</sup> Plus<sup>SM</sup> Contract, we will add a Credit to your contributions. Fees and charges for the Accumulator<sup>®</sup> Plus<sup>SM</sup> Contract are higher than for the Accumulator<sup>®</sup> Contract, the amount of the Credits may be more than offset by these higher fees and charges, and Credits may be recaptured upon annuitization and death.

**Access to Your Money.** During the accumulation phase you can take withdrawals from your Contract. Withdrawals will reduce your Account Value and may be subject to Withdrawal Charges, income taxes and a 10% additional tax if you are younger than 59½. Withdrawals may also reduce (possibly on a greater than dollar-for-dollar basis) or terminate any guaranteed benefits.

**Death Benefits.** Your Contract includes a Standard Death Benefit that pays your beneficiaries an amount at least equal to your contributions less adjusted withdrawals. For an additional fee, you may have purchased one of the enhanced death benefit options called Guaranteed Minimum Death Benefits ("GMDBs") that provide different minimum payment guarantees, or the Earnings Enhancement Benefit ("EEB") that provides an additional death benefit.

**Living Benefits.** For an additional fee, you may have purchased optional living benefits that guarantee, subject to certain restrictions, lifetime benefits. The minimum guarantees provided by these benefits may never come into effect. Guaranteed Benefit Offers may also be available.

**Rebalancing and Dollar Cost Averaging.** You can elect to have your Account Value automatically rebalanced at no additional charge. You can also elect to allocate your investments using a dollar cost averaging program at no additional charge. Generally, you may not elect both a dollar cost averaging program and a rebalancing option.

**Loans.** Depending on the terms of your Contract, you may be permitted to take loans from your Account Value. If you take a loan, we charge interest on the loan.

We currently do not impose any limits on aggregate contributions. We reserve the right, however, to limit aggregate contributions on your Contract made after the first Contract Year to a specified percentage of first-year contributions. If such a limit is imposed it can be reduced or increased at any time upon advance notice to you. Even if we do not impose such a limit, we reserve the right to not accept any contribution if:

- The aggregate contributions under one or more Contracts with the same Contract Owner or Annuitant would then total more than \$1,500,000 (\$500,000 for the same Contract Owner or Annuitant who is age 81 and older at Contract issue); or
- The aggregate contributions under all our annuity contracts with the same Contract Owner or Annuitant would then total more than \$2,500,000.

We may impose these and other contribution limitations based on certain criteria that we determine, including elected benefits, issue age, aggregate contributions, Subaccount allocations and selling broker-dealer compensation.

## MAKING WITHDRAWALS: ACCESSING THE MONEY IN YOUR CONTRACT

You have several ways to withdraw your Account Value before annuity payments begin. The table below shows the methods available under each type of Contract. For more information see the “WITHDRAWALS” section of the full prospectus for the Contract.

**All withdrawals reduce your Account Value on a dollar for dollar basis and may be subject to Withdrawal Charges and have tax consequences, including possible tax penalties. The impact of withdrawals on your guaranteed benefits is described in “How Withdrawals Affect Your GMIB and GMDB” in the “WITHDRAWALS” section of the full prospectus for the Contract. Withdrawals can potentially cause your Contract to terminate, as described in “Effect of Your Account Value Falling to Zero” in “THE ANNUITY CONTRACT” section of the full prospectus for the Contract.**

Flexible Premium IRA	Yes	Yes	Yes	Yes

Rollover 403(b)***	Yes	Yes	No	Yes

\* The Contract pays out post-death required minimum distributions. See “Beneficiary Continuation Option (“BCO”)” in “DEATH BENEFITS” in the full prospectus for the Contract.

\*\* All payments are made to the plan trust as the Owner of the Contract.

\*\*\* Employer or plan approval required for all transactions. Your ability to take withdrawals or loans from, or surrender your 403(b) Contract may be limited.

**All requests for withdrawals must be made on a specific form that we provide.**

### Partial Withdrawals (All Contracts)

You may take partial withdrawals from your Account Value at any time. (Rollover 403(b) Contracts may have restrictions and employer or plan approval is required.) The minimum amount you may withdraw is \$300.

For all Contracts except Accumulator® Select<sup>SM</sup>, partial withdrawals may be subject to a Withdrawal Charge if they exceed the 10% free withdrawal amount and also, in general, for amounts exceeding the applicable percentage of the GMIB Roll-up Benefit Base at the beginning of the Contract Year for Contracts with the GMIB. For more information about when Withdrawal Charges may be waived or not apply, see “10% Free Withdrawal Amount”, “Certain Withdrawals”, and “Disability, Terminal Illness, or Confinement to a Nursing Home” in “CHARGES AND FEES” in the full prospectus for the Contract. Under Rollover 403(b) Contracts, if a loan is outstanding, you may only take partial withdrawals as long as the Cash Value remaining after any withdrawal equals at least 10% of the outstanding loan plus accrued interest.

## Automatic Withdrawal Programs

You may take automatic withdrawals under various automatic withdrawal programs we offer:

- **Systematic Withdrawals:** Withdrawals of a specified dollar amount or percentage of your Account Value on a monthly, quarterly or annual basis.
- **Substantially Equal Withdrawals (before age 59½):** Distributions of your Account Value calculated using one of the IRS-approved methods to avoid triggering the 10% additional federal income tax that would normally apply to distributions made before age 59½ under federal income tax rules.
- **Lifetime Required Minimum Distribution Withdrawals:** Distributions of your Account Value calculated to help you meet lifetime required minimum distributions under federal income tax rules.
- **Dollar-for-Dollar Withdrawal Service:** You may elect to have withdrawals from your Account Value calculated to preserve the benefit base of your guaranteed benefits by either (i) preserving the Roll-up Benefit Base or (ii) avoiding a pro-rata reduction of the guaranteed benefit base.

See “OTHER BENEFITS” in the full prospectus for the Contract for more information about the automatic withdrawal programs available under the Contracts.

## How Withdrawals are Taken from Your Account Value

Unless you specify otherwise, we will subtract your withdrawals on a pro rata basis from your Account Value in the Subaccounts and the Guaranteed Interest Option. If there is insufficient value or no value in the Subaccounts and the Guaranteed Interest Option, any additional amount required to cover the full amount of the withdrawal will be withdrawn from the Account for Special DCA (for Accumulator® and Accumulator® Elite<sup>SM</sup> Contracts) or the Account for Special Money Market DCA (for Accumulator® Plus<sup>SM</sup> and Accumulator® Select<sup>SM</sup> Contracts).

You may choose to have your systematic withdrawals or your substantially equal withdrawals taken from specific Subaccounts and/or the Guaranteed Interest Option. If you choose specific Subaccounts and/or the Guaranteed Interest Option, and the value in those selected option(s) drops below the requested withdrawal amount, the requested amount will be taken on a pro rata basis from all investment options on the Business Day after the withdrawal was scheduled to occur. All subsequent scheduled payments or withdrawals will be processed on a pro rata basis on the Business Day you initially elected.

## How Withdrawals Affect Your GMIB and GMDB

In general, withdrawals (including required minimum distributions (“RMDs”)) will reduce your GMIB and/or GMDB benefit base on a pro rata basis, unless such withdrawals do not exceed the Roll-up percentage of a Roll-up Benefit Base in a Contract Year. The Annual Ratchet to Age 85 benefit base will always be reduced on a pro rata basis. Reduction on a pro rata basis means that we calculate the percentage of your current Account Value that is being withdrawn and we reduce your current benefit base by the same percentage. For purposes of calculating the adjustment to your guaranteed benefits, the amount of the withdrawal will include the amount of any applicable Withdrawal Charge.

With respect to the GMIB and the Greater of 6.5% (or 6%) Roll-up to Age 85 or Annual Ratchet to Age 85 enhanced death benefit, withdrawals (including any applicable Withdrawal Charges) will reduce each of these benefits’ benefit base on a dollar-for-dollar basis, as long as the sum of withdrawals in a Contract Year does not exceed the applicable Roll-up rate percentage of the Roll-up Benefit Base on the Contract Date or the most recent Contract Date Anniversary, if later. For this purpose, in the first Contract Year, all contributions received in the first 90 days after the Contract Date will be considered to have been received on the first day of the Contract Year. In subsequent Contract Years, additional contributions made during a Contract Year do not affect the amount of the withdrawals that can be taken on a dollar-for-dollar basis in that Contract Year. Once a withdrawal is taken that causes the sum of withdrawals in a Contract Year to exceed the applicable Roll-up rate percentage of the benefit base on the most recent anniversary, that entire withdrawal (including RMDs) and any subsequent withdrawals in that same Contract Year will reduce the benefit base pro rata. Withdrawals always reduce the Annual Ratchet to Age 85 enhanced death benefit on a pro rata basis. Reduction on a dollar-for-dollar basis means that your GMIB Roll-up Benefit Base will be reduced by the dollar amount of the withdrawal for each guaranteed benefit.

**For more information see “How Withdrawals Affect Your GMIB and GMDB” in “WITHDRAWALS” in the full prospectus for the Contract.**

## Surrendering Your Contract to Receive Its Cash Value

You may surrender your Contract to receive its Cash Value at any time while an Owner is living (or for Contracts with non-natural Owners, while the Annuitant is living) and before you begin to receive annuity payments. (Rollover 403(b) Contracts may have restrictions and employer or plan approval is required.) For a surrender to be effective, we must receive your written request and your Contract. We will determine your Cash Value on the date we receive the required information.

You may receive your Cash Value in a single sum payment or apply it to one or more of the annuity payout options.

**When to expect payments.** Generally, we will fulfill requests for payments out of the Subaccounts within seven calendar days after the date of the transaction to which the request relates. We may postpone such payments for any period during which:

- The New York Stock Exchange is closed or restricts trading;
- The SEC determines that an emergency exists as a result of which sales of securities or determination of the fair value of a Subaccount's assets is not reasonably practicable, or
- The SEC, by order, permits us to defer payment to protect people remaining in the Subaccounts.

We can defer payment of any portion of your value in the Guaranteed Interest Option and the Account for Special DCA (other than for death benefits) for up to six months while you are living. Please note that the Account for Special DCA is available to Accumulator® and Accumulator® Elite<sup>SM</sup> Contract Owners only. We also may defer payments for a reasonable amount of time (not to exceed 10 days) while we are waiting for a contribution check to clear.

## ADDITIONAL INFORMATION ABOUT FEES

The following tables describe the fees and expenses that you will pay when owning, surrendering, or making withdrawals from the Contract. Each of the charges and expenses is more fully described in “CHARGES AND FEES” in the full Prospectus for the Contract. Please refer to your Contract specifications page for information about the specific fees you will pay each year based on the options you have elected.

The first table describes fees and expenses that you will pay at the time that you surrender the Contract or if you make certain withdrawals or request special services. Charges designed to approximate certain taxes that may be imposed on us, such as premium taxes in your state, may also apply.

Transaction Expenses	Accumulator®	Accumulator® Plus <sup>SM</sup>	Accumulator® Elite <sup>SM</sup>	Accumulator® Select <sup>SM</sup>
Withdrawal Charge (as a percentage of each contribution) <sup>1</sup>	7%	8%	8%	None
Special Services Charges <sup>2</sup>				
• Express Mail Charge	\$90	\$90	\$90	\$90
• Wire Transfer Charge	\$35	\$35	\$35	\$35
• Duplicate Contract Charge	\$35	\$35	\$35	\$35

- 1 Deducted upon surrender, annuitization under a non-life contingent annuity payout option, or a withdrawal of amounts in excess of the 10% free withdrawal amount, if applicable. The Withdrawal Charge percentage we use is determined by the number of years since receipt of the contribution to which the charge relates. For each contribution, we consider the Contract Year in which the contribution is received as “year 1.”

Withdrawal Charge as a % of each contribution each year following receipt of the contribution									
Contract Year	1	2	3	4	5	6	7	8	9+
Accumulator®	7%	7%	6%	6%	5%	3%	1%	0%	0%
Accumulator® Plus <sup>SM</sup>	8%	8%	7%	7%	6%	5%	4%	3%	0%
Accumulator® Elite <sup>SM</sup>	8%	7%	6%	5%	0%	0%	0%	0%	0%

See “Charges and Fees – Withdrawal Charge” in the full prospectus for the Contract for additional information.

- 2 The Express Mail Charge is currently \$20. The Wire Transfer Charge is currently waived. The Duplicate Contract Charge is currently waived. We may increase these charges up to the maximum shown and/or discontinue the waivers at any time, with or without notice.

The next table describes the fees and expenses that you will pay *each year* during the time that you own the Contract (not including Fund fees and expenses). If you elected an optional benefit, you will pay additional charges, as shown below.

Annual Contract Expenses	Accumulator®	Accumulator® Plus <sup>SM</sup>	Accumulator® Elite <sup>SM</sup>	Accumulator® Select <sup>SM</sup>
Annual Administrative Charge <sup>1</sup>	\$30	\$30	\$30	\$30

GMIB with 6% Roll-up <sup>5</sup>	0.95%	0.95%	0.95%	0.95%
<b>EEB charge</b> (as a percentage of Account Value)	0.35%	0.35%	0.35%	0.35%
<b>Net Loan Interest Charge</b> (as a percentage of amounts held in the loan reserve account) <sup>6</sup>	2.00%	2.00%	2.00%	2.00%

- 1 The Annual Administrative Charge is deducted from your Account Value on each Contract Date Anniversary. If the Contract is surrendered or annuitized or a death benefit is paid on any date other than the Contract Date Anniversary, we will deduct a pro rata portion of the administrative charge for that year. If your Account Value on a Contract Date Anniversary is \$50,000 or more there is no charge. During the first two Contract Years this charge, if applicable, is equal to the lesser of \$30 or 2% of your Account Value. Thereafter, the charge, if applicable, is \$30 for each Contract Year.
- 2 Deducted annually on each Contract Date Anniversary for which the benefit is in effect. If the Contract is surrendered or annuitized or a death benefit is paid, or the benefit is terminated (if applicable) on any date other than the Contract Date Anniversary, we will deduct a pro rata portion of the charge for that year.
- 3 The benefit base is not an Account Value or Cash Value. If you elected the GMIB and/or the GMDB when you purchased your EFLIC Contract, your initial benefit base was equal to your initial contributions to your EFLIC Contract. For Accumulator® Plus<sup>SM</sup> Contracts, your initial benefit base did not include the Credit. Subsequent adjustments to the applicable benefit base may result in a benefit base that is significantly different from your total contributions or Account Value. See "Death Benefit Options" in "DEATH BENEFITS" and "Guaranteed Minimum Income Benefit ("GMIB")" in "OPTIONAL LIVING BENEFITS" in the full prospectus for the Contract.
- 4 The current charge is 0.80%. We will increase this charge to the maximum charge shown in the table if you elect to reset your Roll-up Benefit Base on any Contract Date Anniversary. See "Enhanced Death Benefit Charges" in "CHARGES AND FEES" in the full prospectus for the Contract. The charge was not increased for any reset prior to April 1, 2013 under the EFLIC Contract.
- 5 The current charge is 0.65%. We will increase this charge to the maximum charge shown in the table if you elect to reset your Roll-up Benefit Base on any Contract Date Anniversary. See "Enhanced Death Benefit Charges" in "CHARGES AND FEES" in the full prospectus for the Contract. The charge was not increased for any reset prior to April 1, 2013 under the EFLIC Contract.
- 6 The net loan interest charge is the difference between the rate of interest we charge you for a loan and the rate of interest we credit on the amount in your loan reserve account. In no event will the net loan interest charge exceed 2.00%. See "Loans under Rollover 403(b) Contracts" in "OTHER BENEFITS" in the full prospectus for the Contract for more information on how the loan interest is calculated and for restrictions that may apply.

The next table shows the minimum and maximum total operating expenses charged by the underlying Funds that you may pay periodically during the time that you own the Contract. A complete list of Funds available under the Contract, including their annual expenses, may be found at the back of this document. See "APPENDIX A - FUNDS AVAILABLE UNDER THE CONTRACT." These expenses are for the period ended December 31, 2023, and may fluctuate from year to year.

Annual Fund Expenses	Minimum	Maximum
Annual Fund Expenses prior to any Expense Limitation Arrangement (expenses that are deducted from Fund assets including management fees, 12b-1 fees, service fees, and other expenses)*	0.57%	1.40%

\* These are the minimum and maximum Fund fees and expenses before any expense reimbursements or fee waiver arrangements. Please note that the Fund fees shown in APPENDIX A are after (net of) any expense reimbursements or fee waiver arrangements.

## Examples

These Examples are intended to help you compare the cost of investing in the Contract with the cost of investing in other variable annuity contracts. These costs include transaction expenses, annual Contract expenses, and annual Fund expenses.

These Examples assume that you invest \$100,000 in the Contract for the time periods indicated. The Examples also assume that your investment has a 5% return each year, that no loans are taken, and the most expensive combination of annual Fund expenses and optional benefits available for an additional charge, which are the Greater of 6% Roll-up to Age 85 or Annual Ratchet to Age 85 death benefit, the GMIB, and the EEB (each at their maximum charge).

Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

	If you surrender or annuitize your Contract under a non-life contingent annuity payout option at the end of the applicable time period <sup>1</sup>			
	1 year	3 years	5 years	10 years
Accumulator <sup>®</sup>	\$12,251	\$22,159	\$32,644	\$59,165
Accumulator <sup>®</sup> Plus <sup>SM</sup>	\$13,500	\$23,879	\$34,795	\$61,193
Accumulator <sup>®</sup> Elite <sup>SM</sup>	\$13,599	\$23,166	\$29,253	\$61,990
Accumulator <sup>®</sup> Select <sup>SM</sup>	\$5,649	\$17,310	\$29,481	\$62,386

	If you do not surrender or annuitize your Contract or you annuitize your Contract under a life contingent annuity payout option at the end of the applicable time period			
	1 year	3 years	5 years	10 years
Accumulator <sup>®</sup>	\$5,251	\$16,159	\$27,644	\$59,165
Accumulator <sup>®</sup> Plus <sup>SM</sup>	\$5,500	\$16,879	\$28,795	\$61,193
Accumulator <sup>®</sup> Elite <sup>SM</sup>	\$5,599	\$17,166	\$29,253	\$61,990
Accumulator <sup>®</sup> Select <sup>SM</sup>	\$5,649	\$17,310	\$29,481	\$62,386

<sup>1</sup> The first Example reflects the assessment of Withdrawal Charges (if applicable) calculated based on the time of investment in the Contract. However, the time your contributions were invested in the EFLIC Contract is taken into account for purposes of determining whether a Withdrawal Charge applies to those contributions under the Contract. If you elect to exchange your EFLIC Contract for the Contract, and at the time of the exchange no Withdrawal Charges applied to the contributions under your EFLIC Contract, no Withdrawal Charges would apply to those contributions under the Contract.

## APPENDIX A – FUNDS AVAILABLE UNDER THE CONTRACT

The following is a list of the Funds available through the Subaccounts under the Contract. More information about the Funds is available in the prospectuses for the Funds, which may be amended from time to time and can be found online at <https://docs.venerable.com/#/landing?prod=92264H1427&doctype=spros>. You can also request this information at no cost by calling 1-800-366-0066 or by sending an email request to [smb-usa-mailbox@venerable.com](mailto:smb-usa-mailbox@venerable.com).

If you elected certain guaranteed benefits, you may only invest in the Funds listed in the designated table at the end of this Appendix.

The current expenses and performance information below reflects fees and expenses of the Funds, but does not reflect the other fees and expenses that your Contract may charge. Expenses would be higher and performance would be lower if these other charges were included. Each Fund's past performance is not necessarily an indication of future performance.

Consult with your investment professional to determine if the Funds may be suited to your financial needs, investment time horizon and risk tolerance. You should periodically review these factors to determine if you need to change your investment strategy.
